External Dimensions (mm)

Length	Width	Depth
616	493	220

Steffan Hewitt, Director at Polecam, has used Peli cases for more than 20 years. We have first-hand knowledge that if anything on the Peli case is broken in transit, it is replaced with no quibbles. For a jobbing cameraman that level of support is second to none.

Dont buy cheap!, you will only end up buying twice!

Buy the best, The Pelicase does the job
